THE CZAR STILL ALIVE

Somewhat Better Than He Was
a Few Days Ago.

STILL THERE IS NO HOPE FOR HIM

The Doctors in Attendance Are Only Trying to Prolong His Life Until the Czar-witch Is Married—The Wedding Will Probably Take Place on Wednesday. Praying for the Czar in Paris.

ST. PETERSBURG, Oct. 22.—The death of news from Lividia occasioned the wildest rumors to circulate yesterday to the effect that the czar was actually dead, but that the fact was concealed because the czar-witch had renounced the succession to the throne, and that the Grand Duke George, the czar's second son, had also died from the lung trouble from which he has long been a sufferer. These rumors were effectually silenced by the issuing of a bulletin stating, in substance, that the czar had been out of his bed during the day but that his general condition was unchanged.

It is everywhere recognized that the doctors in attendance upon the czar have no hope of his recovery and that they are only devoting their efforts to prolong his majesty's life until the arrival of Princess Alix at Yalta so that her marriage to the czar-witch may be celebrated before his death. It is asserted that the physicians have now been compelled to turn their attention to the czarina, whose mind is said to have been seriously affected by the strain of nursing her husband and anxiety concerning Grand Duke George.

The city bears its usual aspect, only the eager and excited discussions in all the public resorts indicates the gravity of the impending evils. The special services in all the churches yesterday were well attended. The reverence displayed and the sincerity of the prayers offered showed how deeply the public mind is affected.

In the theaters, both here and at Moscow, during the past few days there have been numerous instances, during the intervals between the acts, of the audience calling upon the orchestra to play the national hymn "God Protect the Czar," to which the people would listen standing.

Yesterday morning an unofficial dispatch was received from Lividia, stating that the czar had passed a better night and had been able to sleep a little. This somewhat alleviated the anxiety, although even the official bulletins are now received with a certain amount of suspicion. After this bulletin nothing was received until 9 o'clock yesterday evening, when another private dispatch reported a continued slight improvement in his majesty's condition, also that he had a better appetite. This was confirmed at 11 o'clock by the following official bulletin:

"During the past 24 hours the emperor has had rather more sleep. His majesty arose today as usual, and his appetite is rather better. The patient is more composed. Otherwise there is no change."

This bulletin is signed by the five physicians in attendance upon his majesty. The crowds that had long and patiently awaited the issue of the bulletin read and discussed it with evident relief and then rapidly dispersed.

NEWS IN ST. PETERSBURG.

But Little Is Known About the Czar, as the News Is Suppressed.

LONDON, Oct. 22.—A dispatch to The Times from St. Petersburg says that according to the best information obtainable there will be a formal betrothal and exchange of rings between the czar-witch and Princess Alix at Lividia on Wednesday, perhaps sooner, according to circumstances. This presupposes the performance of the ceremony of reconciliation to the orthodox church, which in the usual course must take place first. The marriage of a foreign orthodox princess to a Russian heir apparent necessitates three distinct ceremonies—reconciliation to the orthodox church, betrothal and nuptials. The ceremonies formerly were always separate, but the betrothal and actual marriage lately have often been performed together. An imperial manifesto on this subject is expected from Lividia.

Private news from Lividia is in no way reassuring. An official stop has just been taken in regard to the appearance of bulletins in the press, which is curious to say the least. All the Russian newspapers have been requested to print special copies of their respective journals for subscribers in Lividia, omitting the bulletins altogether. This is now being done. The wildest rumors are circulating in St. Petersburg, and an extra special censor has been appointed to control all the press telegrams concerning the condition of the czar and the doings generally of the imperial family. All dispatches have therefore to be passed on by the ordinary censor and to be inspected by the special censor, and they are mostly altered a great deal before they reach the telegraph operators.

Another curious instance of suppression of news may be mentioned. Judging by the telegraphic inquiries received here from abroad there must be far more visible spontaneous concern in the foreign capitals than is noticed in the surface of St. Petersburg where the press is not allowed to utter a single word of the sorrow at the bedside of the sick monarch. Even the ministers and high officials of state, who themselves are astonished at the mysterious

and tardy way the little official news vouchsafed is sent from the Crimea, have to telephone all day long and half through the night to the office of The Official Gazette begging for information. In the remote parts of the empire there are probably whole populations who have hardly yet heard that the czar is seriously ill. As a Russian has expressed it the Russian newspapers are waiting to know when the police will allow them to weep and to express their feelings freely.

Paris Praying for the Czar.

PARIS, Oct. 22.—Prayers for the recovery of the czar were offered in all the churches here yesterday. The Duke of Leuchtenberg, the czar's cousin, has gone to Nice, where a special train is kept in readiness to convey him to Lividia at a moment's notice.

GALE ALONG THE BRITISH COAST.

A Number of Lives Lost and Vast Damage Done to Shipping.

LONDON, Oct. 22.—A fierce gale raged along the British coast Saturday and Sunday, causing many casualties. The wind was so strong and the seas so high that the channel boats were greatly delayed. The Warner lightship while being towed from Spithead to her station broke away from the tug when near New Haven and was driven shorewards. A boat was lowered to replace the towline, but a heavy sea capsized her and four of its occupants were drowned. The lightship made leeway rapidly, and was soon driven ashore. Two other boats were also driven ashore close by where the lightship had stranded. The crews of all were saved by the lifeboat crew and coast guardsmen by the use of the breeches buoy.

Many other exciting rescues of the crews of vessels driven ashore at various places are reported. The loss to the owners of fishing vessels is large, many of their boats having been destroyed.

At Sunderland a life brigadesman, who had volunteered to assist in the rescue of the crew of a bark, which had been driven ashore near there, tripped under a rope which had been suddenly fastened by the pressure of the on-lookers upon it, and fell into the sea and was drowned.

A man who was fixing a sign in front of a theater in Sunderland was blown into the street and killed. Much damage was done on land by the storm.

COULD NOT FIND THEIR WAY.

A Dense Fog Stops Navigation in the Vicinity of New York City.

QUARANTINE, S. I., Oct. 22.—There was a dense fog on the upper and lower bays throughout the entire day yesterday. The only arrivals were the Old Dominion line steamer Guyardotte and the Savannah liner Kears City. Both vessels reported dense fog below and along the coast for a considerable distance. The National liner Europe, hence for London, which passed out the narrows at 2 p. m., had to drop anchor in Gravesend bay, owing to the fog. The British tramp steamer Hajeen, which also passed out at the same time, returned and anchored off Clifton, S. I.

The steamer Drew of the People's Albany line with 230 passengers on board ran ashore off Fort Washington Point at the foot of West Eighty-sixth street on her trip from Albany to this city early yesterday morning. The boat's officers declare that the fog was to blame. The place where the Drew struck the shore is a little cove, and into this she ran head-on, and was so firmly held she would not budge. Rocks loomed up on either side and made easy stepping stones from the steamer's deck. In this way the majority of the passengers took their departure. The steamer was not much damaged and at a late hour last night the tide rose sufficiently to float her and she steamed to her dock.

FIRE IN DETROIT.

The American Paper Company's Warehouse Completely Destroyed.

DETROIT, Oct. 22.—A fire which started early yesterday morning in a warehouse of the American Paper Company, on West Larned street, destroyed in all about \$50,000 worth of property. The 5-story structure occupied by the paper establishment was destroyed, and two small buildings adjoining on either side, were completely demolished by the falling walls.

Two other small structures adjacent sustained severe damages by falling walls, fire and water. The loss on the paper company's stock was about \$10,000, with only \$3,500 insurance. All the buildings destroyed were old, and carried light insurance. No one was hurt, although there were some very narrow escapes from the falling walls. Cause of fire unknown.

LIVE ELECTRIC LIGHT WIRE.

One Man Instantly Killed and Another One Badly Shocked.

ST. LOUIS, Oct. 22.—Two thousand volts of electricity passed through the body of Earl E. Frauenthal, instantly killing him, in front of 1505 Franklin avenue, yesterday. He received the electric shock while attempting to remove a broken live wire of the Laclede Electric Light company, which was dangling near some children at play.

Paul Reinholz, a friend of the deceased, was with him at the time, and tried to save his life, receiving several shocks himself while struggling to drag Frauenthal loose from the wire.

Found Dead in His Hotel.

KENNET SQUARE, Pa., Oct. 22.—J. W. Truesdell of Minneapolis was found dead in the hotel here yesterday. He arrived Saturday night and retired early, saying he did not feel well. When he had not appeared by noon, the door was broken in. Heart disease caused death. He was 50 years old.

PITTSBURG'S SUBURBS.

Two Small Towns Furnish a Chapter of Crimes and Accidents.

PITTSBURG, Oct. 22.—McDonald and Jeannette, small towns just outside of this city, furnished yesterday a list of crimes and accidents seldom equalled even in the large cities.

At McDonald in the morning Frank Lyons, a well pumper, was found murdered in his boilerhouse on East O'Hara street. Louis Morton, who found the body, it is said, tells conflicting stories concerning the case.

At noon James Banks, colored, shot a white woman named Maggie Allison three times in the breast. She will die. When Banks saw what he had done he took poison and threw himself down beside the writhing body of the woman. He was taken to the lockup. He is thought to be dying.

In the evening three men waylaid a well known tank builder, Jacob Morrow, and beat him severely. His face is lacerated to a pulp. His condition is serious. Peter McGarvey, said to be one of the assailants, is being hunted by police.

At Jeannette, early in the morning, a freight train on the Pennsylvania railroad was backed into a siding and smashed into a boxcar in which three men were sleeping. Two of the men, Thomas F. Ryan of Danbury, Conn., and an unknown man, were instantly killed, while John McGrew was badly injured.

A few hours later another wreck occurred at Carpenter's Station by which Oliver Brown, watchman, will probably lose his life. A freight train jumped the track and crashed into the tower. Brown was badly mangled. Operator Murphy escaped by jumping.

In the afternoon Edward Parker, colored, and Frank Marshall quarreled over a game of craps. Parker slashed Marshall on the neck with a razor and received in return a bullet over the left eye from a .38-caliber revolver. Parker can not recover.

TWO VESSELS LONG OVERDUE.

The Schooner John D. Williams and the Steamship Falcon Probably Lost.

PHILADELPHIA, Oct. 22.—The three masted schooner John D. Williams, Captain S. Longstreet, which sailed from this port for Providence on Oct. 6, last, has not since been heard from and is thought to have foundered off the Jersey coast during the hurricane of the 10th inst. The missing schooner was manned by a crew of eight men.

No tidings have been heard from the missing British steamship Falcon, Captain Bartlett, bound from Philadelphia to St. Johns, N. B. Her agents here have given her up as lost, with all hands.

Has Hopes for the Falcon.

ST. JOHNS, N. F., Oct. 22.—The steamship Corean of the Allan line arrived here from Philadelphia last night. When interviewed regarding the steamer Falcon, Captain Muir said he had seen or heard nothing of her on the passage here. The Corean left St. Johns for Philadelphia on Oct. 4, the day after the Falcon left Philadelphia, so that she had an excellent chance of meeting the latter somewhere between these two ports. Captain Muir says that he encountered on the passage either way no weather sufficiently heavy to destroy a staunch vessel like the Falcon. He believes that she broke her shaft and drifted out of the track of steamers and that she can not make her way back as her sail power is too small.

BLASTERS KILLED.

Two Fatal Explosions on the Drainage Canal Near Joliet, Ill.

JOLIET, Oct. 22.—One of the most disastrous explosions that has occurred on the drainage canal took place yesterday morning about 4 o'clock, where three men were killed outright and three more seriously injured. The explosion took place at Ricker and Lewis camp, near Summit. A gang of men were at work putting in a blast when the gunpowder exploded, blowing three men to pieces. The names of the unfortunate trio can not be obtained, as when the explosion took place the other men ran for their lives, and the dead could not be identified.

John Smith, Henry Potter and Thomas Collins, who were wounded, were brought to this city, where their recovery is impossible, as their flesh in places is so burned that it is falling off. Smith is a Swede, and has no friends or relatives in this country. Collins' native home is in Tennessee and Potter is from Pennsylvania. None of them have any friends or relatives here. Potter and Collins are Americans.

Saturday evening another explosion took place at the same camp, where two men were killed and one wounded.

The Amerer May Recover.

LONDON, Oct. 22.—The correspondent of The Times, at Simla, India, says that the doctors there believe that the symptoms displayed by the Amerer of Afghanistan are due to gouty complications, which may disappear. The correspondent adds that the ameer has instructed his notables and generals to support his eldest son, Prince Habib Oullah, in the succession to the throne.

MONTREAL, Oct. 22.—The intercolonial railway blacksmith shop and roundhouse at River Du Loup were destroyed by fire Saturday. Eight locomotives, including two new ones for express trains, were destroyed. The loss will reach \$200,000.

Storm Damage at Pilleyes Island.

ST. JOHNS, N. F., Oct. 22.—The steamer Silvia from Pilleyes island reports extensive damage caused in that neighborhood by recent storms. The unusually high waves carried away the wharves and waterside premises.

TIME TO CALL A HALT.

Chicago Chinese Publicly Offer a \$500 Reward for the Murder of Inspectors.

CHICAGO, Oct. 22.—In placing in the county jail on a charge of arson, Ah Hong, alias Hong Hop, and Hong Sin, alias Ah Hong Sling, United States Fire Inspector Cowie and Fire Marshal Conway have brought on a fierce fight between themselves and the police on the one hand and some of the most influential Chinese in the United States, the prisoners being among them, on the other. Yesterday notices were posted in Chinatown offering \$500 to any Chinese who would kill either Mr. Conway or Mr. Cowie. As soon as this fact became known Assistant Chief of Police Kiple notified Samuel Moy and Hip Lung that he would hold them personally responsible for the safety of the two officials whose lives have been threatened.

Sam Moy and Hip Lung are the richest Celestials in Chicago, and for years they have ruled supreme among their countrymen in Chicago. Mr. Conway and Mr. Cowie are determined to convict the prisoners, against whom the most overwhelming evidence exists.

When Hong Sling was taken into custody 34 annual passes on different American railroads were found in his possession, which fact, Mr. Cowie says, indicates he has been engaged in smuggling Chinamen into the United States on a large scale. The passes were made out in the name of Ah Hong Sling.

Yesterday Mr. Cowie found it necessary to go into Chinatown to get two witnesses who had notified him that they feared their lives were not safe. Altogether he has eight witnesses, and says they are in safekeeping and will be kept from coming into contact with their countrymen until after the arson trial is over. While in Chinatown Inspector Cowie was told by one of his witnesses that an open meeting of Chinese had been held in the morning and that a reward of \$500 had been offered to any one who would kill either Inspectors Cowie or Conway or three of the witnesses. Notices to that effect were posted throughout Chinatown directly after the meeting.

The Chinese told Mr. Cowie it meant sure death to pull down any of the notices, but, nevertheless, the inspector was soon in possession of them. He immediately had it translated. Translated it read as follows:

"To all Chinamen—We swear by all the Chinese Gods that the sum of \$500 will be paid to any Chinaman who sends death to either of the men known as Inspector Cowie or Inspector Conway, or to any three of our countrymen who intend to assist in the prosecutions of men of their race. Death and fire will surely be given to him who betrays or takes down this notice."

It is claimed that the two Chinese have fired stores in Salt Lake City and other western cities, as well as in Chicago.

ITALIAN CHRISTENING.

It Ends in the Usual Stabbing Affray and Two Men Are Fatally Injured.

NEW YORK, Oct. 22.—There was an Italian christening in James street last night, and it ended in the usual stabbing affray, as the result of which two men are lying in the hospital fatally wounded. The men are Data Pasquolli, who received an ugly gash in the left breast, and Rocco Petralio, stabbed in the neck.

Maria Tonti was cut in the right hand and Valero Dondolio, who had his right arm gashed from shoulder to wrist.

Data Pasquolli and Valero Dondolio are held as prisoners. The former is charged with cutting three persons, who, besides himself, were wounded. Dondolio was also arrested. He is accused of stabbing Pasquolli.

Pasquolli and Petralio are probably fatally hurt. How the quarrel arose is not known to the police, who first heard of it when Pasquolli, covered with blood, staggered into a police station.

Maud Granger's Husband Starving.

NEW YORK, Oct. 22.—Revello Germain, a clever actor and well known as an interpreter of juvenile roles, fell to the sidewalk last night in front of a leading hotel in a spasm of weakness resulting from starvation. He was the husband of Maud Granger, but has been separated from her for some time. It was supposed that he was in easy circumstances, he being to proud until yesterday to make known his necessity. The friend to whom he applied for aid yesterday reached him with the solicited assistance just as he was being driven to the hospital in an ambulance.

Conductors Changed.

DETROIT, Oct. 22.—The run of every passenger conductor on the entire Grand Trunk system was changed yesterday, in accordance with action taken by the Grand Trunk directors at their recent annual meeting. Detectives who had been "spotting" the conductors found that some were dishonest, and the management decided upon the above radical and wholesale changes, so as to place conductors upon divisions where they are less acquainted and less susceptible to temptation. The order applies to conductors on all the lines, both in Canada and the United States.

Cough Drop Smith Dead.

POUGHKEEPSIE, N. Y., Oct. 22.—Andrew Smith, a member of the firm of Smith Brothers, manufacturers of cough drops, died here yesterday. He was 53 years of age. Mr. Smith was widely known as a philanthropist.

Searcy Removed.

WASHINGTON, Oct. 22.—C. J. Searcy, who was arrested at Cumberland, Md., for complicity in the Aquia Creek robbery, has been taken to Stafford, C. H., Va., upon the requisition papers of Governor O'Ferrall.

JAPAN FAVORS WAR

The Mikado Sustained in All His Acts.

PLENTY OF FUNDS FURNISHED.

Both Houses of the Diet Have Manifested Their Greatest Willingness to Grant Everything Asked For by the Government—The War Must Be Carried on Vigorously.

WASHINGTON, Oct. 22.—A telegram was received at the Japanese legation yesterday stating that on the 19th inst., upon the assembling of the diet at Hiroshima, Count Ito, the prime minister of Japan, made an elaborate speech in the house of lords in which he explained at length the causes of the war between Japan and China. During the course of his speech he read the correspondence which had passed between the Japanese and Chinese governments before diplomatic negotiations were suspended and war was declared.

The speech made a deep impression upon the house. The feeling of the diet appears to be unanimous in favor of the course pursued by the government. The universal expression is that the war must be vigorously pursued until it is brought to a triumphant conclusion. The diet has manifested the greatest willingness to grant everything asked by the government. The two houses on the 20th inst. passed by a unanimous vote the bills introduced by the government relating to war expenditure which involved a total sum of \$150,000,000.

EFFECTS OF THE COREAN WAR.

Japan Ordering Tents and Sails and Military Boots From New York.

WASHINGTON, Oct. 22.—Within the last few days heavy orders from Japan have been placed in New York for canvas duck, suitable for army tents and sails, and for leather and manufactured boots suitable for military use. The orders have not come from the Japanese government direct, but from merchants at Yokohama who have taken contracts for army supplies. These orders are among the first, showing an increased demand for military and domestic goods, such as usually follow a foreign war.

The reports to the treasury department show that the export trade to China and Japan had not been stimulated prior to Sept. 1, last. Up to that time the exports of arms, powder, etc., to China had been less than \$1,000 for the 12 months preceding and to Japan only \$90. From this it is concluded that arms and ammunition have not been exported from this country except under cover as general merchandise. The recent orders for canvas and boots have come since the last treasury reports were made.

Peace Negotiations Reopened.

LONDON, Oct. 22.—A dispatch received here from Shanghai states that negotiations for peace between China and Japan have been reopened.

ACKNOWLEDGED HIS CRIME.

William Lake Murders a Girl Because She Did Not Love Him.

ALBION, N. Y., Oct. 22.—William Lake, who murdered Emma Hunt last week, was captured yesterday afternoon on a farm by two constables. He offered no resistance and was lodged in jail here. Lake acknowledged that he committed the crime and said that after knocking the woman senseless, he cut her throat and hacked her with a butcherknife.

The murderer's real name is Fuller. He was born in Middleport, N. Y. He says that the only reason he had for killing the girl was her refusal to reciprocate his love. Her refusal turned his love to deadly hatred.

Negro Brute Narrowly Escapes Lynching.

HICKSVILLE, O., Oct. 22.—Charles O'Neill, a negro, was arrested early Sunday morning charged with outraging Harriet Heckerman, the 3-year-old daughter of Mrs. Daniel Heckerman. The child was discovered unconscious in a barn, and when she came to, she told how she had been carried there by O'Neill. The latter admitted the charge, and for a time it was thought he would be lynched. The law prevailed, however, and O'Neill was safely landed in jail.

A Judge Charged With Embezzlement.

BELLEFOURTE, Pa., Oct. 22.—Associate Judge Collins Faulkner, of Center county had been held in \$1,000 bail for trial in the quarter sessions court on charge of embezzling taxes collected and due the borough of Phillipsburg school district. The shortage is over \$5,000. His sureties, Adam Moyer and Hugh Adams, caused his arrest. The taxes are due on the year 1893 duplicate, Judge Faulkner having been collector that year.

Tried to Fill a Lamp While Burning.

ARDMORE, I. T., Oct. 22.—Near here last night Terry and Fannie Cox, 9 and 11 years old respectively, were burned to death and C. M. Cox, their father, was so badly burned that no hopes of his recovery are entertained. They were trying to fill a lamp with coal oil while the wick was burning.

KNOXVILLE, IN., Oct. 22.—The condition of the two bodies, together with surrounding circumstances, now leads to the belief in the community where they lived that the burning of Silas Jones' house and the death of Jones and his wife were not accidental, but that Mrs. Jones, in an insane condition, murdered her husband and burned the house over them.

*Fair weather with probably

The editor of the Ledger hasn't had a word to say of late against the "infamous" income tax, as he calls it. Wonder why?

It is currently reported that the Republicans contemplate bringing a preacher here to make some campaign speeches for them. Of course they don't believe in mixing up politics and religion.

The Bath County Banner is denouncing some of the Republicans up there as traitors to their party. The trouble is over the refusal to nominate a county ticket. The traitors probably got their orders from the Boss of the district.

Here's more bad news for the calamity croakers:

The Roanoke Rapid Power Company, composed of Northern and Southern capitalists, with a paid-up capital of \$2,000,000, has purchased 3,000 acres of cotton-growing land at Roanoke Rapids, N. C., and has commenced the erection of a twenty-four set knitting factory and a 20,000 spindle cotton mill, which will give employment to 11,000 hands.

Republicans would, no doubt, like to head off such fellows until after the election but they can't do it.

"How does it come that when the Democrats went out of power in 1860 the Government had been run for seventy years, and there was but five millionaires in the whole United States, land was a good price, farms free of mortgages, and tramps and strikes were unknown; while after thirty years of Republican rule there are over 5,000 millionaires, land no price, and swarmed with mortgages, strikes on all hands and tramps by the million?"

The above appeared in the Public Ledger August 25th. The editor of the Ledger now tries to crawl out by saying that it "inadvertently" found its way into his paper. Why should any one repudiate it? It is a simple statement of a plain fact.

Eleventh district Republicans are worse mixed up than ever, and each hour improves the chances for electing a Democratic Congressman from that district. The other day Colonel Adams sprang a sensation at the Somerset convention by announcing that Judge Sauley had granted him an injunction restraining all County Clerks in the district from placing Hon. D. G. Colson's name on the ballots. Then the Adams men laughed. Saturday Judge W. W. Jones, of the Adair Circuit Court, granted Mr. Colson an injunction against the County Clerks, restraining them from omitting Colson's name from the ballots. So there you are.

SATURDAY NIGHT'S MEETINGS.

There Were Four of Them and They
Were All Enthusiastic—This
Week's Appointments.

Four rousing Democratic meetings were held last Saturday night—at Germantown, Lewisburg, Jersey Ridge School House and Dieterich's Grove. All were well attended and the enthusiasm manifested shows that the Democrats of Mason are aroused, and are lining up for the battle of the ballots on November 6th. The campaign clubs are showing a steady and gratifying growth.

The editor of the BULLETIN had the pleasure of attending the meeting at Dieterich's Grove. The seating capacity of the hall was all occupied, and crowds stood up for three hours and a half listening to the speeches. Commonwealth's Attorney Sallee spoke first, paying attention particularly to local affairs and the tactics resorted to by some of the Republican nominees.

He spoke at some length on the fact that the Democrats had governed Mason County for years and that the affairs of the county had always been managed faithfully, honestly and economically.

County Attorney Newell followed and talked for an hour or so on the tariff and other questions. His speech was full of good thought and sound reasoning, and the close attention given him throughout was evidence of the lively interest in these subjects. It was a telling argument. It set his hearers to thinking, and will do the cause good.

The eloquent A. O. Stanley followed and in his own inimitable way kept the crowd laughing and applauding about two hours. They never tired listening to his wit and eloquence. In his discussion of the tariff he brought the question home to the voters and his points were loudly applauded.

The following appointments are announced for this week:

Parry's School House, Monday night, October 22nd—Judge T. R. Phister and F. P. O'Donnell.
Limestone School House, Monday night, October 22nd—Judge A. E. Cole and C. L. Sallee.

An Interesting Event.

On the 17th inst. a beautiful ceremony took place in St. Francis de Sales' Academy, the occasion being the solemn consecration of its inmates to the Sacred Heart. The spacious play-hall was converted into an exquisite chapel. Over the main altar stood a life-size statue of Jesus, his right hand raised as if in the act of blessing. In an upper corridor, tastefully illuminated, was erected a beautiful little oratory. Here the services began with a hymn to the Sacred Heart, after which a procession was formed, headed by a young lady carrying an exquisite banner, the work of Mother Dolores. The Rev. Fathers Ennis and Kehoe, with attendants, followed. The Visitation Mandolin Club played a march as the procession filed into the improvised chapel. The litany of the Sacred Heart was then chanted while the procession of white-robed children moved round the ample hall. At the conclusion of the litany Father Ennis delivered an eloquent sermon. His burning words will live in the hearts of all who heard them.

The Catholics of Maysville are to be congratulated on having secured the services of this zealous priest, who has been appointed to assist their loved pastor, Rev. J. B. Glorieux, whose feeble health unfits him for the heavy duties of his charge. After the sermon Father Ennis read the act of consecration and the impressive ceremony closed with benediction.

TOO TRANSPARENT,

Are the Efforts of the Ledger Editor to Mislead the People on the A. P. A. Question.

The editor of the Public Ledger and the correspondent of the Cincinnati Post are great schemers,—in their mind.

They imagine they can make the people believe that the Democrats and most everybody else—but the Democrats especially—are just falling over each other to get into the A. P. A.

But their scheme is too transparent. They give themselves away.

Last Friday the Post had a special telling of the great number who applied for admission to the A. P. A. This gave the editor of the Ledger a chance to talk and, of course, he talked. Of course the whole thing was wasn't pre-arranged!

The editor of the Ledger asseverated that the Post correspondent's figures were too small. That there were over 200 initiations instead of 60. How they must have rushed them!

But here comes the secret of the Ledger editor's scheme. "The great mass of those present," at the meeting Thursday night, were "Democrats." That's what the editor of the Ledger says. And you know "if it's in the Ledger it's so,—sometimes."

Of course there were no Republicans present. If there had been, the Ledger editor would have told you so. He's a truthful man, you all know, and he would scorn to misrepresent a thing.

Now for a plain statement. At the A. P. A. meeting, some one counted those who entered, and there were just sixteen present and every mother's son of them is a Republican!

The efforts of the editor of the Ledger to breathe life into the skeleton of Know-nothingism has misled some of his own party and got them into the A. P. A., but he can't fool any Democrats.

Ever since Uncle Morg and the Republican Congressional convention sat down on Br'er Davis so hard at Augusta for his advocacy of Know-nothingism he has been trying his best to create the impression that the A. P. A. is almost wholly a Democratic affair, but he is overdoing the thing. His efforts are so transparent that a blind man can see through 'em.

We venture the assertion, that nine out of every ten members of the A. P. A. in Maysville are Republicans. It's a Republican scheme, and its name ought to be changed to the Republican Aid Association.

No Democrat of any sense will be caught by such a scheme.

The attack was a severe one from the start, and her condition for several days previous to her death had been very critical. Deceased was a daughter of Dr. C. Kackley and was about forty years of age. Her many friends here and elsewhere will learn with sincere sorrow of her death.

FOR negligence in taking the bond of George C. Linville for Sheriff of Robertson County a few years since, it now looks as if County Judge N. A. Tilton and his bondsmen will have to make the shortage of George L. Linville as Sheriff good. The Court of Appeals has just decided that the bond was not good because the signing of the name of Peter Linville by another was not legal, and this illegal signing released the other bondsmen, and that it was the duty of the County Judge to see that the bond was properly executed.

Honey From Lump Sugar.

To make it take a quantity of lump sugar, remembering that your vessel (a preserving kettle is best) must be large, as the sirup boils up at once stage of the process and is apt to run over and catch fire. Pour on the sugar a little water, enough to melt to a sirup when hot. Boil and skim till clear, when drop in for two quarts as much powdered alum as you can pile on a dime. The alum is to prevent the sugar from granulating. Be ready to lift the kettle off the fire quickly, as the alum causes the sirup to froth up very high. Boil until it becomes of the consistency and the color of strained honey, when add a teaspoonful of Jamaica ginger, stir thoroughly and set to cool.—St. Louis Post-Dispatch.
